

12th ANNIVERSARY

**ANNOUNCING SPRING GARDEN VALUES, BARGAINS
and BONUSES to MY CUSTOMERS...OLD and NEW**

Hello Again,

Recently I got to checking my calendar and found that I have been doing business with many of you for 12 years. If it were possible to line up all the carloads of merchandise I have sent to my customers during that time, they would probably stretch out of sight. Where the time goes is always a problem but in looking back over the past 12 years, I am more than grateful for your support without which I couldn't be sending this letter.

The first few years were a bit rugged, I must admit, because I was determined to stick with my original plan when setting up this organization - low priced garden merchandise within the reach of everyone without sacrificing quality. Often the market prices went up after my advertising and mailings were out. But we just pulled in the belt another notch and delivered everything at the advertised listings. Fortunately, our customer list kept growing and our business is now at peak volume -- over 5,000,000 customers in the United States and Canada.

**IF I DIDN'T
MENTION
THIS WORD
BEFORE
IT'S ABOUT
TIME!**

So, many thanks for your orders and support. My aim will always be to supply quality garden merchandise at the lowest prices possible to the complete satisfaction of all my customers. So let's get started on the next 12 years and give you advance information on the wonderful offers I have for you this Spring.

**HERE'S THE
MAIN POINT
OF THIS
LETTER**

Savings to you is of number one importance because I want to continue to do business with you and I know there are hundreds of other sources where you can purchase garden stock. So it's good business for me and money in the bank for you when you take advantage of these Spring values -- often saving 60% and more.

**YOU ARE
FIRST**

Because you are one of my customers, you get first choice of a wide assortment of spring planting stock at remarkable savings. I always make it a point to notify my customers in advance telling them about current offers. This is done long before we advertise to the general public -- thus assuring you of the quantity of quality merchandise that you need.

TURN OVER PLEASE

I've got to stop giving this stuff away pretty soon before my good wife catches on. But here's one I can't pass up - AN EXTRA SPECIAL BONUS for every customer whose order totals \$7.00 or more! Yes, in addition to other bonuses, if you order \$7.00 or more in merchandise, you will receive 100 (that's right - 100) ANEMONE BULBS -- a regular \$1.98 value -- FREE of extra cost. These Anemone, often called Windflowers, produce a wide range of color and are ideal for borders and rock gardens. A wonderful finishing touch to any garden and a truly remarkable offer since they cost you not one penny extra. Remember, 100 Anemone bulbs are included in this extra SURPRISE BONUS COUPON OFFER!

Our services are constantly being streamlined and modernized for your better satisfaction. Better shipping facilities - our own cold storage area to keep stock in perfect condition - even the Government helps by putting its own man in the postal substation right in our own plant so that packages go right into the mail bags and on the train to avoid any delay. Orders come in and go out promptly - provided it's the proper planting time in your section of the country.

All stock is inspected by Departments of Agriculture. Imported bulbs are also certified by Government officials in the country of origin. Thus you are assured of healthy plants and bulbs always.

They say the proof of the pudding is in the eating. Well, I'm not selling pudding and I wouldn't recommend that you eat my bulbs and plants but I do say that you can mail your order in the confidence that I will always do my best to make your garden the finest, the most colorful and most beautiful in your neighborhood - and always at sensible prices.

Remember please (and I'm really serious about this) stocks are necessarily limited and I wouldn't want any of my old customers disappointed this season. Many items will be impossible to replace once the supply is exhausted so don't miss out - mail your coupons today. When your order arrives at the proper time for planting pay postman amount of order plus C.O.D. postage. And don't forget to cash in on the BONUSSES.

THE
END

Sincerely yours,

Fruit Loring
PRESIDENT

P.S. In case you're a new gardener and wouldn't know which end is up after you receive your order I will send you simple planting and "caring" instructions with every item ordered. No need to be an expert -- only a desire for a beautiful garden at the lowest possible prices is all that's required.

Amazing New Safe Discovery STUNTS GRASS GROWTH

**Just Sprinkle On . . . Roots Get Stronger, Grass
Gets Greener & Healthier . . . But Growth Stops**

Here is the hard-to-get chemical hormone developed by top chemists you've read about that safely slows down and holds back growth of lawn grass! Just mix amazing MOW-NO-MORE with water and sprinkle wherever grass is difficult to cut. Roots will strengthen and grass will get far greener but growth in length will slow down so only one trimming lasts all year! Also keeps hedges trimmed. You can forget about hard work bending, trimming, sickling or trying to get power mowers in close!

Send order today! Specify whether you want 2 packages of MOW-NO-MORE for only \$1.97 (enough to treat 600 sq. ft.) or 5 packages for \$4.50. But hurry — MOW-NO-MORE is in very short supply! Satisfaction fully guaranteed or money back.

World Famous Varieties

GLADIOLUS

MANY

IMPORTED FROM HOLLAND

**YOUR CHOICE OF
SOLID COLORS OR**

RAINBOW MIX VARIETIES

Here is a money-saving coupon offer of Gladiolus bulbs (not bulblets) to brighten your garden with their vibrant colors and graceful beauty. Many are IMPORTED FROM HOLLAND and all are blooming size. However, the large bulbs produce higher stalks and more flowers per stalk.

You have your choice of 3 wonderful selections of Rainbow Mix Varieties in glorious mixtures of pink, red, white, orange and yellow. They truly will add a blaze of color to your Summer garden.

The best offer this year is a selection of solid colors in 5 different glorious shades. These are IMPORTED FROM HOLLAND, medium size mature bulbs and were personally selected by our own representative when he was in the Netherlands last Spring. These are the size recommended by the Dutch grower as being best for home gardeners. As a matter of fact, they are "cream of the crop" and Dutch growers plant this size in their own yards for best results. You have your choice of red, purple, white, pink and yellow—25 bulbs of any color for the amazing low price of only \$1.25. Or, if you want a variety of color, you can order 25 bulbs of each color (125 bulbs in all) for only \$4.98. An amazing bargain offer. Plant Gladiolus bulbs every two weeks and have flowers continually until Fall.

LIMITED SUPPLY THIS YEAR Due to almost a 90% crop failure of Gladiolus in Holland this past season, the supply is very limited, so be sure to mark your selection and mail this coupon today.
